P.C.:

1. Admitted position is that there is one Will. Admittedly the Petitioners in both the petitions are beneficiaries named in the Will. Section 244 Indian Succession Act shows that probate can be granted simultaneously in favour of several executors.

2. In this view of the matter, therefore, probate may be granted in both the petitions.

3. By consent of parties, the office is directed to proceed on the basis of xerox copy of the Will in Writ Petition No.4 of 1993.
